

# NETWORK (USE OF NON-CRAVEN EQUIPMENT) PROCEDURE

---

*Related Board of Trustees Policy: BP 8.4*

*Approval: August 2012*

*Revision:*

*NC Statewide Technology Standard(s): 20104*

---

**Purpose:** Protect state resources and confidential information during mobile communication device use.

As a general rule, non-Craven Community College equipment may not be connected to the Craven Community College network for security reasons. The exception to this rule must be cleared through the Network Administrator. Personal printers and other peripherals are not supported for connection to the network.
