Wireless

General Wireless Information

The college provides wireless access for our students, employees and guests. These directions are for Windows 7 operating systems.

From your wireless device, to connect to “PantherNet” wireless network, click the wifi icon in your bottom right hand corner.

You should now see a list of available, click on “PantherNET” to choose your connection.
To connect to PantherNET, just click on its name.
The first time you connect to a network, you'll be asked to choose whether it's a home, work or public network. Click on Public network.

Once connection is established, open your browser and you will be directed to the PantherNET agreement site. Click on “Accept” to accept the terms of the connection.
You are now connected to PantherNET. Enjoy surfing!
