### **Professional Development**

The Board recognizes the importance of lifelong education, training, and professional development for all employees in fulfilling the College's mission.

The President shall be authorized to establish and promote an ongoing system of Professional Development Opportunities as well as the preparation of Professional Growth and Development Plans for all employees in order to satisfy the credential requirements of external agencies and further the College's Mission, as well as encourage improved employee job performance and foster employee advancement.

Pursuit of Professional Development Opportunities and preparation of Professional Growth and Development Plans by employees shall be incorporated into the College's employee Performance Evaluations.
