### **NAMING HONORS**

This Procedure provides guidelines for cultivating major donor gifts to the college and the process to recommend naming designations to the college's Board of Trustees in recognition.

The college president, Institutional Advancement staff, and Craven Community College Foundation directors, as part of major donor fundraising activities, may present naming opportunities to prospective benefactors. The president's office will maintain a roster of existing naming honors approved by the Board of Trustees and recommended gift thresholds for known naming opportunities. Prospective benefactors must be informed that all naming designations are subject to formal Board of Trustees approval, as well as information regarding the durability of a designation.

The president may elect to conduct a background check on the benefactor to assist in the evaluation whether the gift will be perceived by the community as bringing appropriate honor and distinction to the college. Prior to a background check being initiated, the benefactor will be required to sign a background check authorization.

Upon approval of a naming designation by the Board, the President will:

- (1) Determine the content, timing, location and frequency of any public announcements of the gift.
- (2) Approve the color, design, size and placement of any physical marker that provides information about the designee or donor and/or the nature of the gift.
- (3) Determine and carry out any necessary on-going care and maintenance of the gift and any markers.
- (4) Ensure that any commitments associated with gift are fulfilled to the degree possible.

**COLLEGE HISTORY OF NAMING HONORS**

Updated: February 5, 2018

<b>Name</b>	<b>Rationale</b>	<b>Board of Trustee Action Date</b>
<b><u>Buildings</u></b>
