## PLAN OF STUDY

### Associate Degree Nursing – A45110

## HEALTH PROGRAMS

The following plan of study is the standard curriculum for the above program. Any deviation from the prescribed curriculum must have approval in advance. All prerequisite course requirements must be met. To graduate, the student must complete all the required courses, the required credit hours for electives, and have at least a 2.0 overall grade point average. This plan of study is subject to change when the college thinks such action is in the best interest of the student or the program. It is the responsibility of the student to meet the requirements for graduation. If accepted, students that do not enroll for three successive semesters must contact the Admissions office to determine if readmission is necessary.
