

## PLAN OF STUDY

### Associate Degree Nursing – A45110

#### Transitions

The following plan of study is the standard curriculum for the above program. Any deviation from the prescribed curriculum must have approval in advance. All prerequisite course requirements must also be met. To graduate the student must successfully complete all the required courses, the required credit hours for electives, and have at least a 2.0 overall grade point average. This plan of study is subject to change when the college thinks such action is in the best interest of the student or the program. It is the responsibility of the student to meet requirements for graduation. If accepted students do not enroll for three successive semesters, they must contact the Admissions office to determine if readmission is necessary.

Course Title			Hours				Credit	Grade	Semester	Remarks
			Lecture	Lab	Clinical	Contact				
<b>1<sup>st</sup> Term Fall 2019</b>

**Additional Requirements**

- A 2.5 is the minimum cumulative grade point average required for progression within the nursing program.
- Successful completion of all courses as outlined in the master schedule—NUR courses must be completed with a B or greater and support courses with a C or greater—required before Nursing students will be allowed to register for the succeeding semester

**NOTE:**

Advanced standing (Transitions) students are given credit for NUR 111—Introduction to Health Concepts, NUR 112—Health-Illness Concepts and NUR 114—Holistic Health Concepts based on successful completion of NUR 214. Transitions student will enter the third semester of the program provided they have met the admission criteria outlined for the advanced standing program, have completed all co-requisites for semester one and two and there is space available.
