### GLAZED AND AMAZED

Rising 6th-8th graders  
July 11-15 • \$125

Campers will enjoy learning how to make bowls and other ceramic pieces using pinch, roll, and other hand-building techniques. Young potters will learn to glaze and fire their work and will take home their works of art to provide lasting memories.\*

### JUNIOR MAD SCIENTIST

Rising 3rd-5th graders  
July 25-29 • \$125

Campers will learn how to operate a rubber band cannon, then discover how the distance and path of a projectile varies with potential energy, projectile weight, and angle of launch. Campers will apply what they learned by playing rubber band cannon battleship and rubber band cannon golf! Other activities include: paper airplanes, physics of music, slime and polymers, gross-ology, magnets, crystal formation, engines, gravity, and more.

### CREATIVE HANDS

Rising 3rd-5th graders  
July 18-22 • \$125

Campers will enjoy learning how to make fun, creative creatures and other ceramic pieces using pinch, roll, and other hand building techniques. Pieces will come to life as young potters learn to glaze and fire their work. Campers will take home their works of art to provide lasting memories.\*

### STEM CAMP

Rising 6th-8th graders  
August 1-5 • \$125

Have a blast and learn about the world around us! Delve into Science, Technology, Engineering, and Math for a week of fun and educational activities. Hands-on activities will include making ice cream, shooting Alka-Seltzer rockets, mixing chemicals and making slime, dissecting fish, and practicing tie-dye.

\*Since the pottery won't be done in time for campers to take home at the end of camp, parents and campers are invited to attend a Student Art Show on Thursday, July 28 from 5 to 6 p.m.
