

CAREER & TECHNICAL PROGRAMS

GET ON THE PATH TO A REWARDING CAREER

Career & Technical Programs can help you find a new career path if you're just starting college or looking for a new field of employment. Our faculty will help you learn skills that unleash your full potential. From Business Administration and Criminal Justice to Computer-Aided Drafting and Welding, we have a variety of business, manufacturing, service, engineering, and transportation offerings.

Program options range from certificates and diplomas to two-year Associate of Applied Science (AAS) degrees. Most Career & Technical Programs allow students to start at the certificate level, progress to a one-year diploma and, ultimately, an associate degree. Course offerings and delivery methods include seated, online, and hybrid (seated and online). Many courses are offered both day and night, and some are offered on Saturdays.

BUSINESS & FINANCE

Develop fundamental knowledge of business functions and processes needed to succeed in today's global economy. Courses include accounting, business law, economics, management, and marketing. Nearly all of our business programs have certificate and diploma options and can lead to an AAS degree.

**Accounting & Finance • Payroll • Customer Service
Small Business Accounting • Business Administration
Transfer Prep • Entrepreneurship**

INFORMATION TECHNOLOGY

Engage with the latest technological advancements in the progressive field of Information Technology. Learn how to program logic principles, identify security risks, select appropriate hardware and software components, and more.

**Cybersecurity & Networking • Cybersecurity Coding
A+ Prep • Cisco CCNA Prep • Coding • Security + Prep
Data Support Specialist • Technical Support
Linux Operating Systems • Productivity Software
Entry-Level Computer Technician**

EARLY CHILDHOOD EDUCATION

Early childhood teaching careers can help build self-esteem in others, shape learning and development, and prepare children for preschool, primary and middle schools, and more.

**Early Childhood Education • Pre-Birth to Kindergarten
Child Development • Preschool • Infant/Toddler**

INDUSTRIAL MANUFACTURING

Some of our key support programs include CNC Machining, Computer-Aided Drafting (CAD), Industrial Systems, and Welding programs using the latest high-tech equipment.

**Computer-Aided Drafting • Computer-Integrated Machining
Basic/Intermediate Machinist • Metrology
CNC Multi-Axis/Operator/Programmer • Electronics
Engineering • Basic Robotics Industrial Systems Technology
Facilities/Mechanical/Trades Maintenance
Manufacturing Technology • Composites Journeyman/
Quality Assurance • Design • Machining
Mechatronics Engineering • Intro to Mechatronics
Welding Technology • Advanced Pipe Level IV
Entry-Level/Intermediate/Fabrication Welding**

TRANSPORTATION

The transportation industry offers many fast-paced career opportunities. Our Automotive programs curriculum covers brakes, engine performance, automatic transmissions, diagnostics, and more. Our Aviation programs provide training in aircraft maintenance that can prepare students for employment opportunities at Fleet Readiness Center East at Marine Corps Air Station Cherry Point.

**Automotive Systems Technology • Automotive Drivetrain
Automotive Electrical/Electronics • Undercar
Aviation Management Technology
Aviation Systems Technology • Airframe & Powerplant**

Financial assistance and flexible classes available to suit your budget and schedule

PUBLIC SERVICES

Looking to build a career in emergency response? We offer a variety of programs designed to equip you with the skills and knowledge to serve your community as a first responder. Students affiliated with authorized volunteer organizations or government agencies may be eligible for tuition waivers on applicable courses. All programs are developed in collaboration with emergency response organizations to ensure they provide the training and skills you need to be successful in the field.

- Basic Law Enforcement Training (BLET)**
- Criminal Justice Technology**
- Homeland Security/Terrorism**
- Transfer BLET Preparation**

PERSONAL CARE SERVICES

Launch your personal care career and gain practical experience. Our programs provide the training needed for fulfilling occupations that assist with physical care and appearance. Our New Bern campus offers many of these services to the community, giving you valuable hands-on learning.

- Cosmetology**
- Esthetics Technology**

GET A 'HIRE' EDUCATION WITH CAREER TRAINING!

WANT TO GET INVOLVED?

Craven CC's Career & Technical Programs include a number of student organizations tied into fields of study, including SkillsUSA, Automotive Club, Kappa Beta Delta, Machinist Club, Welding Club, and Criminal Justice Society. Through participation, students build leadership skills, learn more about their chosen careers, and have travel opportunities.

Students who maintain a 3.5 (B+) grade point average are eligible for membership in the college's chapter of Phi Theta Kappa, the international two-year honor society.

Some students in these programs also join Encore!, the college's singing ambassador group, as well as the Student Government Association or the Hurst Student Ambassadors program, which provides scholarships to the college's top students in exchange for their service.

STILL IN HIGH SCHOOL?

Through the Career & College Promise (CCP) program, high school students can earn eligible certificates in career and technical program areas that will move them closer to an associate degree. Students should contact their local high school counselors or Craven's CCP Advisor to learn more.
