

SUMMER CAMPS

ENGINEERING CAMPS

MIDDLE SCHOOL (Grades 6-8)

June 9-13 • 9 a.m. – 3 p.m.

This year's theme, "Craven the Wave," offers students an exciting, hands-on introduction to the world of engineering. With a focus on waves and motion, campers will explore the science behind everything from ocean waves to sound waves, engaging in interactive projects that encourage problem-solving and creativity. Students will design and build their own wave-powered creations, experiment with energy transformations, and work together on challenges that blend fun with learning. Led by skilled faculty and professional engineers, this camp gives students a unique opportunity to explore the endless possibilities of engineering while having fun and igniting a passion for innovation.

HIGH SCHOOL (Grades 9-12)

June 17 & 18 • 8 a.m. – 4 p.m.

This two-day camp offers students a unique opportunity to explore local industries and engage with engineers in real-world environments. Participants will meet a variety of engineers and tour different facilities, exploring the latest technologies and innovations while learning about the day-to-day work of engineers. These experiences will help students identify potential career paths and deepen their understanding of engineering in action. Perfect for students interested in STEM, this camp provides an exciting chance to connect with professionals in the field.

3-D INNOVATION CAMPS

3-D MODELING WORKSHOP (Grades 9-12)

July 9 & 10 • 8:30 a.m. – 2 p.m.

Get ready to embark on a creative odyssey this summer with our exclusive 3-D Modeling Workshop – where innovation and design converge for an unforgettable experience! This workshop will empower participants to turn dreams into reality using state-of-the-art 3-D modeling software. Participants will design and print (and take home!) 3-D objects under the mentorship of engineering professionals. Learn from the best as you explore the role of 3-D modeling in the engineering design process, opening doors to a world of opportunities.

3-D PRINTING WORKSHOP (Grades 9-12)

July 16 & 17 • 8:30 a.m. – 2 p.m.

Step into the future with our 3-D printing extravaganza workshop. This hands-on workshop is great for any student interested in learning how to get started in the exciting world of 3-D fabrication. Students will learn the basic hardware and software of a 3-D printer, where to find existing (and free!) designs, how to print existing designs, tips for successful printing, and they will use their new knowledge to print items to take home. Students will work directly with professional engineers to gain insights into real-world applications and careers in additive manufacturing.

AVIATION CAMP

EASTERN NORTH CAROLINA AVIATION CAMP (Grades 9-12)

June 23-27 • 9 a.m. – 3 p.m.

Take flight into an unforgettable summer adventure! This camp aims to inspire and empower individuals to pursue their passion in aerospace by providing hands-on training and exposure to diverse career paths. Campers will meet industry professionals and witness the inner workings of the aerospace community. Join us to engage with passionate aviation experts, discover the wonders of aerospace, and soar to new heights!

**For additional camp information and registration details, visit CravenCC.edu/SummerCamps.
All registration forms can be found online and must be completed and returned per the instructions.
For questions, contact Antoinette Williams at (252) 444-6002 or williamsa@cravencc.edu.**

Please return this form with payment to:
(Pay via check - Mail by April 28)

Craven CC Summer Camp Registration
305 Cunningham Blvd.
Havelock, NC 28532

You can also pay in person by May 5 at Student Services, Room 101C in the Redd Building.

Circle the camp(s) that interest you and provide a total below. Please fill out one form per participant.

Camps by date	Grades	Days/Times	Register by	Cost
Engineering Camp (Middle School) June 9-13	Grades 6-8	Monday-Friday: 9 a.m. - 3 p.m.	Monday, May 5	\$250
Engineering Camp (High School) June 17 & 18	Grades 9-12	Tuesday-Wednesday: 8 a.m. - 4 p.m.	Monday, May 5	\$70
Eastern NC Aviation Camp June 23-27	Grades 9-12	Monday-Friday: 9 a.m. - 3 p.m.	Monday, May 12	\$200
3-D Modeling Workshop July 9 & 10	Grades 9-12	Wednesday-Thursday: 8:30 a.m. - 2 p.m.	Monday, May 5	\$70
3-D Printing Workshop July 16 & 17	Grades 9-12	Wednesday-Thursday: 8:30 a.m. - 2 p.m.	Monday, May 5	\$70
3-D Innovation Camps (BOTH 3-D Camps) July 9, 10, 16, & 17	Grades 9-12	Wednesday-Thursday: 8:30 a.m. - 2 p.m.	Monday, May 5	\$120
