SOAR TO NEW HEIGHTS

Whether you are looking to begin a new career, improve skills in your current job, or transfer to a four-year university, the Craven Community College (Craven CC) Havelock Campus offers a wide range of classes to get you started. Our faculty and staff are dedicated to providing excellent service and instruction for our students, and our innovative programs offer something for everyone. Whether you're seeking career readiness, university transfer, trades training, certifications, or a four-year engineering degree, we provide the stepping stones that will set you on the path to success.

At Craven CC, you can complete your degree in as few as three semesters and transfer to one of North Carolina's public universities or colleges. Our flexible and customized courses provide military and civilian students the skills and confidence they need to succeed. Courses are guided by industry standards and meet the changing needs of the community.

ACADEMIC DEGREES

Craven CC's Havelock campus has an array of degree programs to suit all academic and career aspirations. Whether you are looking to transfer to a university or begin a career in the aviation industry, the Havelock campus offers associate degrees that can take your college dreams to the next step. Academic degrees currently offered on the Havelock campus include:

Associate in Arts • Associate in Science
Associate in Engineering
AAS – Aviation Systems Technology

NC STATE ENGINEERING

Through our exclusive partnership with NC State, students can earn an ABET-accredited Bachelor of Science in Engineering degree with a concentration in Mechanical Engineering Systems or Electrical Engineering Systems without ever leaving the Havelock campus.

The program is housed in our 16,000-square-foot STEM Center. We are proud to be the only community college in the state to offer this unique opportunity. Students complete general education and pre-engineering courses at Craven CC and then apply for transfer to the NC State Havelock Engineering Program located on our campus. Students participate in design projects each semester and interact with professional engineers in the classroom, with opportunities to gain valuable work experience through paid local internships.

COLLEGE & CAREER READINESS

Our College & Career Readiness programs can help you achieve your educational dreams. The following programs may be available on the Havelock campus with sufficient enrollment:

High School Equivalency (GED®/HiSET®)
English as a Second Language

AVIATION

Students can help their careers take flight in our Institute of Aeronautical Technology, home to our esteemed Aviation Systems Technology program, which prepares students for careers as aviation maintenance technicians. Students apply theoretical knowledge to real-world scenarios using state-of-the-art training simulators, aircraft engines, and a wide variety of military and civilian aircraft.

Students who complete the program receive an associate degree and graduate ready to sit for the FAA Airframe and Powerplant certification exams. The Havelock Campus also offers opportunities for students to earn a diploma or certificate in Aviation System Technology-Airframe and Aviation Systems Technology-Powerplant.

WELDING

Explore the world of welding with our certified programs, offering short-term courses and college credit options. Gain essential skills in metal cutting and joining, preparing you for entry-level positions in the workforce. Our rigorous training ensures proficiency and readiness, empowering you to excel in the welding industry. Start your journey toward a rewarding career in welding.

SHORT-TERM TRAINING

We offer several short-term, hands-on Workforce Development training courses. These programs are ideal for students looking to start a new career or enhance a current one. Programs include:

Welding Levels 1–4 • BioWork: Process Technician
Forklift • Military Employment Skills
Advanced Manufacturing Tools for Veterans
Aviation Sheet Metal • Lean Six Sigma
FAA Airframe and Powerplant • Nurse Aide
Pharmacy Technician • OSHA
Resume Writing • Phlebotomy

MILITARY FRIENDLY

Our convenient locations and custom programs accommodate the transitory nature of military life. We meet the diverse needs of military service members and their dependents through dedicated academic and financial aid advisors. Classes are offered in a variety of ways, including on base, online, and hybrid formats during the day, in the evenings, and on weekends.

We offer several programs designed specifically for our active-duty and veteran students, including Advanced Manufacturing Tools for Veterans and Military Employment Skills. Additionally, students who are active duty, veterans, or dependents may qualify for one of our Military Benefit Programs. Several programs are eligible for VA benefits and DoD SkillBridge approved, and scholarships are available for qualifying veterans.

ACHIEVE YOUR DREAMS

CHERRY POINT OFFICE

Craven CC's advising office aboard Marine Corps Air Station Cherry Point addresses the unique academic, financial, and social needs of our military personnel, military dependents, veterans, and civilians. Our advisors provide one-on-one assistance, enabling you to get the most out of college while easing the challenges of balancing a military career and education. In addition to classes offered on the Havelock and New Bern campuses and online, we offer evening classes conducted at the Jerry Marvel Training & Education Building on base. Our Cherry Point office, in partnership with the Marine Corps Community Services Education Program, operates a National Testing Center (NTC) aboard MCAS Cherry Point. The NTC offers CLEP, DANTES (DSST), and Pearson VUE testing.

STUDENT SERVICES

Our Student Services team on the Havelock campus is equipped to provide the same level of services offered at the main campus. From enrollment and placement testing to academic advising, career counseling, financial aid, and veteran services, we have you covered. For assistance, stop by the Redd Building or call 252-444-2119.

FINANCIAL AID & SCHOLARSHIPS

We recognize that beginning or continuing your education can sometimes require financial assistance. We are happy to help you with this challenge and make the most out of your college education. If you are unemployed or meet certain income criteria, you may be eligible for a scholarship to help cover the cost of classes on our Havelock campus.
